Emotional Intelligence: *The Power of YOU!*

This is one of the best workshops for employees at any level within an organization. It can be very impactful for people in management/supervisor positions who are 'leading the way'.

Emotional Intelligence is the single most accurate predictor of leadership and employee success! Can you manage your own "real estate"? Do you know how you come across to other people? Can you help your team manage their emotions during turbulent times? Sometimes, emotions control us. That is why even the most talented people can underperform when faced with triggering relationships, rapid change and disruption, or stressful projects.

Topics for discussion:

- Overview of Emotional Intelligence.
- The brain and Emotional Intelligence – *emotional hijack*.
- Practical ideas to help you manage your emotions.
- How to increase Emotional Intelligence.

Emotional intelligence is best described as the ability to understand and regulate your own emotions, recognize the emotions in others and help them manage their emotions, and how to make decisions based on your emotions at a specific time. This training will cover those specific areas as well as provide information on how to increase your emotional intelligence over time. This is an insightful, fun, and very educational course for people who are looking to positively impact their overall wellbeing and professional success. This workshop is the foundation of every workshop that Corporate Compass Training, LLC offers.

Celebrate What's Right in the World

-Pivoting our own Thought Process-

This workshop helps people to develop a growth mindset in a very unique way. It also helps teams “push the reset button” during challenging times. It’s easy to see what’s wrong in the world, our workplace, and in our own lives. Sometimes, we even let the “worst get the best” of us. Grit and resiliency are key. We know, through neuroplasticity, we can rewire our brain to see situations differently. But it takes deliberate emotional labor. We’ll watch a movie, “*Celebrate What’s Right in the World*”, where we will discover that there are more possibilities in our lives, if we are open to seeing them. You’ll gain a heightened sense of awareness of how to “change your lens” from the “ordinary to the extraordinary”. The power is in each of us. Engaging dialogue and best practices will accompany the movie.

OUR STORY...

Family Health Services is a Federally Qualified Health Center with locations in Sandusky and Norwalk. Our mission is to provide quality healthcare services without financial barriers. We continually strive to improve the health of our community by providing a "healthcare home" to address the physical, mental, spiritual, and social well-being of our patients. Our providers are the most experienced, skilled, and empathetic team of medical professionals. We accept Medicare, Medicaid, and most commercial insurances. Additionally, we use a sliding fee scale. No one is turned away due to inability to pay.

In continuing with our vision, we are undergoing a renovation of a newly purchased historic building in downtown Sandusky. At this location, we will offer primary care, behavioral health and an affordable retail pharmacy. This new medical center will expand access to quality care and make Sandusky a healthier community.

The proceeds from this event will benefit the new medical center renovations and a portion of the proceeds will be given to local first responders in remembrance of this day in history.

Thank you for supporting Family Health Services and local first responders! We look forward to a great event!

Dental, vision, group life, accidental death and dismemberment insurance and short-term disability can be added to your health insurance plan.
